Experience

CDIT Solutions, New Orleans, LA — *Full Stack Developer*

08-2020 - Current

– *Skills & Tools:HTML, CSS, Javascript, PHP, and AJAX*

- Working part time (10 hours max) sharpening my developer skills building projects and/or learning new materials.
- Working in a HUBZone part time filling out monthly reports on recent projects I've completed.
- Complete some small administrative tasks when needed that I will be trained for.

Freelance Project, New Orleans, LA— *React Developer*

07/2020 - 08/2020

– *Personal Project: https://www.ruthscookies.com*

– *Skills & Tools: SQL, JavaScript,HTML, Node.js, Express, and React.*

- An online E-commerce type application where users can buy cookies using most of the **CRUD** stack.
- In just 1 month I designed wireframes, implemented user user login, built a relational database, and provided a **RESTful API** for our scalable front-end to dynamically generate a reusable UI via **Axios**.
- Users can send messages using **Nodemailer** and the seller can receive text messages via **Twilio** confirming orders.

Devmountain, Lehi, UT— *Web Javascript Developer*

06/2020 - 06/2020

Group Project: https://www.dataspeaks.us
– *Skills: React, SQL, JavaScript,HTML, Node.js, Express, and React.*

- Created a simple app to bring awareness to social injustice using data visualization like D3.js.
- Responsible for implementing react packages like **D3.js**, **Material UI**, and **Full Screen Page** to create a visually enjoyable data visualization.
- Established majority of the front end design.
- Worked with a team of other developers to create this

SKILLS

HTML | Javascript |Node.js | SASS/CSS | Nodemailer | Google Maps | Twilio |React | JQuery | MySQL | PostgreSQL | Git | GITHUB | RESTful API | Gatsby | Express | PHP

application in a timely manner.

Personal Project: http://68.183.132.10:4000/#/
– *Skills: Sass, JavaScript, HTML, Node.js, Express, and React.*

- Created a simple application where users can accept jobs and administrators can add jobs for hire.
- Applied version control software (**Git**) to track, test, and update pre-existing source code.
- Full stack web developer responsible for end-to-end web app development and **SQL** database monitoring.

Blue Ant Video, New Orleans, LA — *Front End Developer*

02-2020 - 03 2020

– *Skills & Tools:HTML and CSS/Bootstrap.*

- Took a wireframe and inserted the necessary elements using **HTML, CSS & Bootstrap 4** to bring that **wireframe** to life.
- Enhanced user experience by 20% using updated **Bootstrap 4**technology.
- Set up a successful workflow and quality standards for the project.
- Introduced new ideas to visually display data which increased user satisfaction.

Freelance Project, New Orleans, LA— *React Developer*

08/2019 - 11/2019

– *Personal Project: http://104.131.29.110:4003/#/*

– *Skills & Tools: PostgreSQL, JavaScript,HTML, Node.js, Express, Stripe and React.*

- Simple React application built for an artist to sharpen developer skills.
- Uses PostgreSQL to store and retrieve data as well as Express on the backend using Node.Js.
- Implemented Stripe for users to buy products listed.
- Planned and orchestrated the entire project myself. Redesigned an older project to make it more efficient.

Freelance Project, New Orleans, LA— *React Developer*

08/2017 - 11/2017

– *Personal Project: http://104.131.29.110:4003/#/*

– *Skills & Tools: PostgreSQL, JavaScript,HTML, Node.js, Express, Stripe and React.*

- Simple React application built for an artist to sharpen developer skills.
- Uses PostgreSQL to store and retrieve data as well as Express

on the backend using Node.Js.

Freelance Project, New Orleans, LA— *Javascript Developer*

05/2017 - 05/2017

- *Personal Project: http://dwrightportfolio.ooowebhostapp.com/calculator.html*

- *Skills & Tools: HTML, CSS, and Javascript.*

- Javascript application built to sharpen javascript skills.
- Calculator has basic functions of a regular calculator.
